16 GUESTS SIGNED IN

Welcome to the information home of the

Milwaukee Radio Amateurs' Club

among the world's oldest, continuously active amateur radio clubs, established in 1917, and affiliated with ARRL in 1919. .

The Milwaukee Radio Amateurs' Club Inc.
P.O. Box 070695
Milwaukee, WI 53207-0695
262-797-MRAC
w9rh@arrl.net

Among other things MRAC is or does:

1. Meets monthly (except December--Christmas Party) on the last Thursday of each month at Redemption Lutheran Church, Hwy 100 and Capitol Dr (in Milwaukee)
2. One of 14 VEC (Volunteer Examiner Coordinators) in the US
3. Directly operates at least one testing session per month
4. Participates in the annual ARRL Field Day. Information about our Field Day effort this year has appeared in several of the last newsletters. Club station W9RH made 565 contacts and scored 1972 points, in 2001. Thanks to the 47 operators who made it possible! This was nearly twice as many participants as in 2000.
5. Operates a repeater on 147.045 MHz +600
6. Sponsors roundtable nets on Friday evenings at 8:30 pm on 28.490 MHz and 9:00 pm on the club repeater.
7. Morse Code practice on the club repeater -- this is not as regular as it was in the past, but there is a growing group of hams who are practicing their sending and receiving in the evenings,
8. Saturday morning breakfasts at Maxim's Restaurant, 180th and Capitol
9. Is ablely led by officers and a board of directors, but of course all the real work is done by committees
10. Publishes a monthly newsletter (now electronically available!)
11. Provides licensing classes for those interested in getting into the hobby or in upgrading their license. Offerings will depend in part on interest, so email the club and let us know you would be interested!
12. To the community in general as well as the ham radio community, in the form of information about the club and links to other ham radio resources on the web.
13. Dues are $15 per year, due in January. Membership RENEWAL application available here. Email the club or click here to get a new member application.
14. Ham Radio History! We have put together a booklet containing some of the milestones in the life of the club, along with other historical events of the time. See it here. It's about 338K bytes, and in color. Thanks to all who participated in our 85th Anniversary Special Event! Certificates are being prepared for mailing.
